Countdown to a more efficient process! Visit [www.eyt.com/timesaving](http://www.eyt.com/timesaving) today!

Dear Mr. Thibodeau,

## It takes just 6 to 8 weeks to eCelerate your hospital's efficiency.

Go ahead,

TIME US.

In the healthcare profession, timing is everything. But when you're faced with the budget constraints and limited staff of a community hospital, there's no time to waste searching for a robust, yet affordable, back-office system. That's where EYT comes in. EYT's eCelerate solution, powered by Lawson, and built on IBM's Enterprise pSeries platform delivers powerful efficiency to your institution in only 6 to 8 weeks.

eCelerate's browser-based, back-office management tools provide even the smallest hospitals or satellite facilities with the power of an integrated solution in virtually no time.

eCelerate combines Lawson's proven e-business capabilities with custom features designed specifically for the needs of small to mid-sized hospitals. The result is a back-office system that helps you:

- Focus on your patients while eCelerate helps you manage your business
- Hire, train, and retain the right employees
- Automate the supply management process for improved inventory control

Community hospitals face many challenges. Now you can meet those challenges quickly and affordably with EYT's powerful eCelerate solution. See for yourself—give us 6 to 8 weeks to revolutionize your back-office processes, and experience the power of eCelerate. To find out more, return the enclosed reply card, call 703-488-3367, or go to [www.eyt.com/timesaving](http://www.eyt.com/timesaving).

Sincerely,

Mark Desmarais  
Director of Lawson Sales

P.S. The clock is running. Return the reply card today and put eCelerate to work for you.
